

AUDA StreetScape Update September 14, 2011

CONSTRUCTION PROJECT UPDATE

From September 14th-21st, please anticipate construction work to continue between Elder's Station & Pine Street on Lincoln Way. Sidewalk forming will continue this week by Hemington Landscape. The remainder of the demolition work will be completed on Wednesday. Concrete pouring is scheduled to begin on Friday. The majority of the concrete work will be completed by the end of next week. Landscaping will begin shortly afterwards.

Beginning next week, Gray Electric will begin setting the new street light bases. Gray Electric will also be setting the electric panel to facilitate the switch from overhead power to underground power at 1025 Lincoln Wy.

Hansen Brothers will continue to have traffic control between Elder's Bus Station and Pine Street with one traffic lane open in each direction on Lincoln Way to facilitate construction work. The lanes of traffic will shift according to the construction work.

Please anticipate some delays on Lincoln Way. We regret this inconvenience and ask our residents, businesses and visitors to be patient and considerate during the project. The construction will occur over the next three months.

Please remember that businesses are open during construction and there is public parking located on Lincoln Way near Elder's, near Depoe Bay and off E. Placer St.

More information on the Streetscape Phase II Project can be found online at:
